Letter
To

The Conservator of Forests, Belgaum Circle.

Ref: Your No. 24/16/15962 of 19-2-1957.

In resubmitting the application of Shri N.J. Ramthal dated 23-1-1957 I have to report that survey number 62 of Kanvi-Mulikatti Taluka Kalghatgi which is in the ownership of the applicant has been notified by the Government of Bombay under Section 35(1) of the Indian Forest Act 1927, in their No. FRF 1088/78690-J of 20-8-1955. Shri Ramthal requests to cancel the notification on the following grounds:

- (1) He is a Khatedar of survey numbers 62, 66 and 70 of Kanvi-Mulikatti. These survey numbers were completely covered with trees and shrubs and they were sloppy and uneven at various places due to ravage of water rushing down the hills and thus were unfit for cultivation. But from the date of purchase, he has started cultivation after removing the trees etc., after taking permission from the Forest Department.
- (2) The cultivation in survey numbers 66 and 70 is not profitable without survey number 62 as he cannot get water during the years of scanty rainfall to feed the fields of survey number 66 and 70 without storing it in survey number 62 and during the years of heavy rainfall, the land are washed away. To overcome these difficulties he desired to construct a tank in survey number 62 to regulate the supply of water to his fields in survey numbers 66 and 70.
- (3) He has taken tagal loans for the improvement of his lands but he could not make any improvements due to making of the notification under Section 35(1) of I.F.A. He has mortgaged his lands in question to Government for tagal loan of Rs. 2 2000/- and if the notification is not cancelled there are no other means for repayment of Govt. dues.
- (4) He is a poor man having only 39 acres and 17 gunthas of land to maintain his family.
- (5) He has been improving these lands since last 30 years and has spent about Rs. 15,000/- If the notification is not cancelled, his efforts and the capital invested will become futile. The lands in question were granted to him by the Govt. on old tenure to use the same solely for Agricultural purpose.

2/- He has also stated that if survey number 62 is quite necessary for Government and cannot be excluded from the provisions of Section 35(1), some portion from this survey number required for construction of the tank may be released to him and some parts of Govt. forest survey numbers 59, 60 and 61 may be granted to him in exchange for the remaining part of survey number 62.

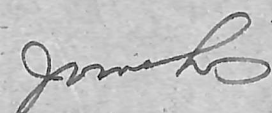

3. My remarks in the case are as under:-

Survey number 66 and 70 of Kanvi-Halikatti are brought under cultivation. The difficulties stated by the applicant are true. In view of the difficulties stated by him, survey number 62 is necessary for the construction of a ^{small} tank to feed water to the lands in survey numbers 66 and 70. Survey number 62 is a ^{like} slopy land on the hillside and is fit for construction of a tank. It is reported by the Range Forest Officer that there are marks of old cultivation on the highest slope. The applicant had cleared the survey number of tree growth in the past with a view to construct the tank for the purpose of cultivation. But after the application of Section 35(1), he stopped all further improvements. Now there is only small coppice tree growth in survey number 62. It is also reported that the survey number is fit for cultivation. It appears that the survey number was proposed for notification because it was surrounded by reserved forests on 3 sides, is slopy and contained coppice growth.

4. Shri Ramthal was asked to state the actual area out of the area of survey number 62, required for the tank. He states that the whole area is required by him for the purpose. As the area is uneven and slopy he intends to divide it into suitable compartments by constructing the bunds for storing the water at the lower level of each compartment. He further states that after making such compartments there will be some dry patches and that he will cultivate these patches after taking suitable measures against soil erosion. The dry patches which will remain after the construction of the tanks as above, will not be useful for the purpose of Section 35(1) of the Indian Forest Act 1927. From the extracts of Records of Rights in the previous correspondence it is seen that there is Tagal encumbrance on survey numbers 62, 66 and 70. This shows that he has taken tagal loans for the improvement of the lands for agricultural purpose. According to Bombay Government letter No. A & F.D. No. PRF 1953/7910-J of 5-3-55, if the owner of forest lands desires to bring the land under cultivation after issue of the notification, this Department need not object it unless the cultivation would lead to serious soil erosion. If the applicant is not allowed to construct the tank in survey number 62, he will have to keep survey numbers 66 and 70 lying waste and will have to suffer a great financial loss and he will also not be able to repay the tagal loans as he is a poor man having no other lands. He is a self cultivator. In view of what has been stated above and considering the pains taken by the applicant for bringing the lands under cultivation by taking tagal loans etc., it is recommended that Government may kindly be moved to cancel the notification.

5. His request to grant some forest area from survey No 59, 60 and 61 in exchange of some part of survey number 62 is not a sound one and cannot be recommended as these survey numbers contain good valuable tree growth.

6. The two applications dated 17-3-1956 and 6-4-1956 are also enclosed herewith along the sketches submitted by the applicant.

Divisional Forest Officer,
Dharwar.

AGRICULTURE AND FORESTS DEPARTMENT
Sachivalaya, Bombay, 20th August 1955.

INDIAN FOREST ACT, 1957.

No. PRF.1053/78690-J. Whereas the Government of Bombay had issued a notice to Shri Nidhanappa Joseph Ramdhal, the owner of the forest specified in the schedule hereto annexed to show cause why ~~the~~ a notification under sub-section (1) of section 35 of the Indian Forest Act, 1927 should not be issued prohibiting or regulating the acts specified in the notice.

And whereas the objection raised by the said owner to the issue of a notification and evidence produced by him have been heard and considered by Government;

And whereas it appears to the Government of Bombay that it is necessary:-

- (a) for the conservation of trees and forests;
 - (b) for the preservation and improvement of soil, or the protection of land against erosion, or the deposit thereon of sand, stones or gravel;
 - (c) for the improvement of grazing;
 - (d) for the maintenance, increase and distribution of the supply of fodder, leaf manure timber or fuel;
 - (e) for the preservation of the public health;
- (A) to prohibit ~~the~~ in the forests specified in the Schedule appended hereto the following acts:-
- (a) the firing or clearing of the vegetation;
 - (b) the girdling, tapping or burning of any tree or the stripping off the bark or leaves from any tree;
 - (c) the lopping and pollarding of trees.
 - (d) the cutting, sawing, conversion and removal of trees and timber (except as provided under "B" below).
- (B) to regulate in the forests specified in the Schedule appended hereto the following acts in the manner specified hereunder:-
- (a) the breaking up or clearing of the land for cultivation - No portion of the land should be broken up or cleared either by ploughing or digging without the express permission of the Divisional Forest Officer;
 - (b) the pasturing of cattle - Not more than 38 (thirty eight) bona fide domestic cattle can graze over the area in the manner to be prescribed by the Divisional Forest Officer, is necessary;
 - (c) the quarrying of stones or burning of lime or charcoal or collection or removal of any forest produce or its subjection to any manufacturing process - This action of the owner is prohibited for sale or barter;
 - (d) the cutting, uprooting ~~of~~ or removal of trees and timber - No tree standing over the area should be either cut or uprooted without the express permission of the Divisional Forest Officer. [Note (a) dead wood either standing or fallen can be removed for pure domestic use. (b) "Tree" means as defined in section 2 of the Indian Forest Act].

Now therefore in exercise of the powers conferred by sub-section (1) of section 35 of the Indian Forest Act, 1957 (XVI of 1927) in its application to the State of Bombay, the Government of Bombay is pleased:-

P.T.O.....2.

(A) to prohibit in the aforesaid forests the following facts:-

- (a) the firing or clearing of the vegetation;
- (b) the girthing, tapping or burning of any tree or the stripping off the bark or leaves from any tree;
- (c) the lopping and pollarding of trees;
- (d) the cutting, sawing, conversion and removal of trees and timber (except as provided under "B" below);

(B) to regulate in the aforesaid forests the following acts in the manner specified hereunder:-

- (a) the breaking up or clearing of the land for cultivation - No portion of the land should be broken or cleared either by ploughing or digging without the express permission from of the Divisional Forest Officer;
 - (b) the pasturing of cattle - Not more than 38 (thirty eight) bonafide domestic cattle can graze over the area in the manner to be prescribed by the Divisional Forest Officer; is necessary;
 - (c) the quarrying of stones or burning of lime or charcoal or collection or removal of any forest produce or its subjection to any manufacturing process - This action of the owner is prohibited for sale or barter;
 - (d) the cutting, uprooting or removal of trees and timber - No tree standing over the area should be either cut or uprooted without the express permission of the Divisional Forest Officer
- [Note. (a) dead wood either standing or fallen can be removed for pure domestic use. (b) "Tree" means as defined in section 2 of the Indian Forest Act.]
